NZPAC Service – Schedule rectification for August & September

Dear Valued Customer,

We regret to advise that **Capitaine Tasman 2628** has experienced significant delays due to operational issues and berth congestion encountered on her voyage. Due to these delays, she is unable to make her Tauranga and Auckland berthing windows.

Additionally, the New Zealand berthing windows of **Capitaine Tasman 2632** and **Neptune Matua 2633** are now close in proximity.

To rectify the schedule, we will be making the following changes:

- **Capitaine Tasman 2632N** will delay the start of her voyage, arriving in Tauranga on 01 September to then perform her normal rotation.
- **Neptune Matua 2633N** will be deferred by one week. During her current voyage 2630S, she will call Auckland Multi-Cargo on 4 September to discharge imports, load some exports and then proceed to Tauranga on 5 September to only discharge imports. She will then proceed to anchorage before commencing voyage 2633N in Tauranga on 8 September.
- **Capitaine Tupaia 2634** will commence in Tauranga the following week on 15 September. On voyage 2629S, she will call Tauranga on 10 September to only discharge imports and then proceed to anchorage.
- Our Bookings team are making the necessary adjustments to ensure Fiji transshipment cargo make their onward connections and will contact impacted customers.
