

NOTICE TO CUSTOMERS

BUNKER SURCHARGE REVIEW

New Zealand Fiji Trade

Pacific Forum Line wish to advise customers of the following changes to our Bunker Surcharge as declared in our Fiji tariff.

Fuel Prices have steadily been increasing since the latter part of 2017 and increases have continued during the first quarter 2018. The fuel price has increased by approximately 13.50% and prices continue to rise.

Our current Northbound BAF is US\$284.00 per TEU on this trade and the increase in the fuel price supports an increase of US\$38.00 per TEU in BAF and so a revised BAF level of US\$322.00 per TEU northbound from New Zealand to Fiji and US\$148.00 per TEU southbound from Fiji to New Zealand.

Breakbulk BAF will be revised at US\$14.00 per revenue tonne Northbound and US\$8.00 per revenue tonne Southbound.

The new BAF will come into effect from 1 March 2018 and therefore be applicable from Capitaine Tasman V87 loading Tauranga 2 March 2018.

If customers have any questions or require clarification of these adjustments, please contact our Auckland office or your local Pacific Forum Line agent.

Yours faithfully

Pacific Forum Line
