## Notice to Shippers

### **Currency and Bunker Adjustment Factor (CABAF) review Australia to Apia Samoa, Pago Pago, American Samoa and Tonga Trade**

Dear Valued Customers,

Pacific Forum Line (PFL) wishes to advise our customers that following a monitoring of the fuel price an adjustment to our current CABAF on the Australia to Apia Samoa, Pago Pago American Samoa and Tonga service will take place.

The changes reflect movements in the price of ships' bunker fuels over the previous quarter and the prices have continued to rise.

Our current CABAF is 24% on this trade and increases in the fuel prices support a 1.64% point increase to a level of 25.64%.

The new CABAF will be applicable from the Forum Samoa 4 V 09 ETA Mel 5th December 2018

PFL remains committed to providing leading sustainable shipping solutions for our customers and we value your continued support. Should you require further clarification please do not hesitate to contact your local PFL management team,

Yours Sincerely
