Bunker Adjustment Factor (BAF) Review NZ to Cook Islands

Dear Valued Customers,

We wish to advise all customers of an adjustment to our current BAF on the New Zealand to Cook Islands service.

The changes reflect movements in the price of ships' bunker fuels over the previous quarter and prices have continued to rise.

Our current BAF is 20.20 on this trade and the increases in fuel prices support a 8.1 point increase in BAF level of +28.30%

The new BAF will come into effect from the 23rd October and therefore be applicable from the Olomana v114 loading Auckland on the 25th October.

PFL thank you for your understanding and support with regards to the BAF change which have been implemented following consultations with the Cook Islands Minister for Shipping and his officials.

Thank you for your continued support.

Yours Sincerely,
