### Vessel Schedule Update

Dear Valued Customers,

Please find the following updates to vessels schedules:

**Capitaine Dampier V179** completed her operations in Auckland on Saturday and is expected in Noumea early on the 17th March, then Suva on the 20th March

**Capitaine Tasman V46** has been delayed with very heavy rain in Suva and expected to sail this evening for Lautoka. This would make her eta Tauranga on the 22nd March and Auckland from the 23rd.

**Southern Trader V488** is expected to complete cargo operations this afternoon in Auckland. Her revised eta Apia will be 22nd March, Pago on the 22nd (local date), and Nuku'alofa on the 26th.

Thank you for your continued support.

Sincerely,

**Pacific Forum Line**
