Notice to Shippers

Detention Tariff Update NZ to PNG Trade

Dear Valued Customers,

After a recent review of our detention policy, Pacific Forum Line wishes to advise our New Zealand customers of the revision to Export Reefer Free Days effective 1st November 2021 for NZ to PNG trade.

These changes will impact the amount of time you are allowed to hold containers (“free days”) and the per day charges applicable if the time allowed is exceeded.

There is currently a global shortage of containers and in order to ensure the line has containers available to meet your own and other customer’s demands, we require the prompt return of containers within the free time days allowed.

EXPORTS

		GP / HC		REEFER		OTHER	
initial Free Days:		7		3		3	
Container Size:		20	40	20	40	20	40
Next 7 Days	NZD	72	143	143	287	215	430
Thereafter	NZD	143	287	287	574	430	861

FREE DAYS: are calculated on calendar days basis.

Free days will start when the container is picked up from the depot location and sent to the shipper. The calculation of days will stop when the container is received full at the terminal.

These changes will come into effect from 1st November 2021 in all locations. Please note that from 1st November 2021 the charge will apply to both new and existing shipments.

Should you have any questions or queries on these changes, please contact your local PFL representative. For further information, please do not hesitate to contact our customer services team.

Thank you for your continued support.

Yours Sincerely

Pacific Forum Line
