**Pacific Islands General Rate Increase**

Dear Valued Customers,

Further to our various earlier advices we have absorbed significant cost increases related to both supply chain disruptions and general operating costs throughout the past twelve months. In order to maintain sustainable shipping services to and from the Pacific Islands, freight rates will increase from the 1st of March 2021.

The increase will be applied on top of current freight rates at the following amounts, and will be applied to cargo to and from all origins:

**To and from all Pacific Islands**

- \$250 USD / 20' container
- \$500 USD / 40' container
- \$14.70 USD / Revenue Ton

Please do not hesitate to contact your local PFL Representative if you have any questions.

Thank you for your continued support.

Sincerely,

**Pacific Forum Line**
