AUSPAC – NPDL Tahiti 2425 Schedule Update

Dear Valued Customer,

Please be informed that due to ongoing port congestion across the network, the NPDL Tahiti 2425 has incurred significant delays. In order to rectify this, the following changes are to be made:

NPDL Tahiti 2425 will perform a truncated voyage of Newcastle – Sydney – Noumea – Newcastle. **Arkadia 2426** will perform her normal rotation. The cargo arrangements will be as follows :

- All Sydney cargo booked on the NPDL Tahiti 2425N will discharge in Noumea and tranship on to the Arkadia 2426 for on-carriage to Fiji, Samoa, Tonga and Pago Pago
- All Noumea and Fiji exports booked on NPDL Tahiti 2425S will be transferred to the Arkadia 2426
- All imports to Melbourne and Brisbane on NPDL Tahiti 2423S will be discharged in Sydney. Our customer services team will be in contact to advise on the alternative arrangements.

The forward schedule for the vessels is as follows:
