

NOTICE TO CUSTOMERS

BUNKER SURCHARGE REVIEW

New Zealand Papua New Guinea Trade

Pacific Forum Line wish to advise customers of the following changes to our Bunker Surcharge as declared in our Papua New Guinea tariff.

Due to the trend in the price of bunker fuel over the last 12 months, the BAF will increase as follows:

Current BAF 55.49%

Revised BAF 60.20%

The revised BAF Surcharge will apply for all consignments showing a bill of lading date of 1 April 2018 or later, on all services from New Zealand to Papua New Guinea.

If customers have any questions or require clarification of these adjustments, please contact our Auckland office or your local Pacific Forum Line agent.

Thank you for your understanding and continued support.

Yours faithfully

Pacific Forum Line
